StageTime Information

StageTime is the name of the Results program RallyWA use for the 2020 season.

Just Imagine Software created StageTime, updates StageTime, and supports RallyWA when using it.

RallyWA is licensed to use StageTime in 2020.

Notations:

DNS Did Not Start

Usually no times in all SS columns for a competitor

DNF Did Not Finish

Usually no times in some SS columns for a competitor

* Missed stages and Allocated/Derived times (often these terms are used interchangeably)

Missed a stage and at fault? Then usually you will be given a time that is slowest time in a competition (eg WARC/Clubman) plus 30 seconds. In this calculation, any times of any ineligible/invitational competitors are ignored. NRC SSR 8(g)

If you missed a stage (or failed to complete a stage) and were not at fault? Then you will usually be allocated a time by the stewards, a time the stewards consider to be the fairest. Often a time comparable to the fastest on stage compared to other stages; sometimes similar to other competitors when compared to other stages. See NRC 7.10 (c), NRC 7.9 (b) (i) & (iv)

If you have any queries, please email results@rallywa.com.

If any information in this results pack is incorrect, please email results@rallywa.com as soon as possible.

Competitors are reminded that they should check the Entry List once it has been published on www.rallywa.com and inform the organisers of any errors as soon as possible.

Please note: For any Ineligible (or Invitational) competitors appearing in the results, no series points are awarded. See www.rallywa.com/points for further information. Or email points@rallywa.com/points for further information. Or email points@rallywa.com/points for further information.

Interesting event results-wise.

- An incident caused Cars 22 and 24 to be given derived times for SS3.
- We were informed that Car 5's RallySafe unit failed briefly during SS4 (possibly due to an off-road incident), and when the unit resumed working it signalled an end of stage time over 20 minutes after Car 5 finished the stage, and thus resulted in a time of over 35 minutes for that stage. The Results team were informed that no manual time was recorded at the Flying Finish point, so we reverted to our new backup system (Network-IT's Flying Finish cameras). With the help of Julian Wright from Network-IT, we investigated the video at SS4 and were able to get a time to within 1.8 seconds (we believe) accounting for a possible 0.9 second error times 2. Please note this is far better than any derived time (especially considering the winning margin was over 50 seconds).
 - We located the car in front of car 5 (in the video) and checked their Flying Finish time on the video with the FF time recorded in the system – it was correct (within 0.9 of a second) as the video did not show the tenths of seconds.
 - o This was done for the car following car 5 as well again, it matched (within that second)
 - o We then found car 5, and used the video time (thus it could be out by almost 2 seconds).

- o 15:26:10.0 (instead of 15:26:09.0) could have been given I suspect, but given the next place was over 50 seconds away, and awards were wanting to be presented, absolute exact timing was not the highest priority at the time, placings were (from 11th, I think Car 5 was, to 1st was a higher priority). Feel free to blame Leon, who made the call. Having said that, I believe Julian Wright from Network-IT was also happy with that time.
- See next pages for cropped stills from the videos and details...

The Results Team really appreciates the assistance of all competitors and officials.

Personal Note from Leon: I am not speaking on behalf of Daughter Sami nor extremely valuable Computer Legend Sam. I hope to be able to continue to be the Results Co-ordinator, a role I have often enjoyed doing.

Further Analysis Later In The Week

Mr Points (John Travis) performed more detailed analysis later after results were made official. John advanced frame by frame, and was able to get a closer, more accurate time. As suggested, it is less than 2 seconds from the time given at the end of event: 15:26:09.9 – 0.9 more than initially given. Or in John's words:

After reviewing the SS4 video data from the FF for the previous competitor, Car 4, and then Car 5, a time of day FF time was able to be determined by analysing the frame count from when the Video clock changed to the second in which the front of Car 4 and Car 5 were in-line with the FF Boards. Location references used is the frame prior to the front of the car passing the far FF post, and the trees behind being in-line with the "B" pillar of the car.

After taking into consideration the time difference between Video time and RallySafe time (0.282 seconds), the time at the FF for Car 5 on SS4 was determined to be 15:26:09.941, which when the Start time of 15:13.00 is deducted gave an elapsed time for Car 5 of 13:09.941, truncated to 13:09.9 for Results purposes.

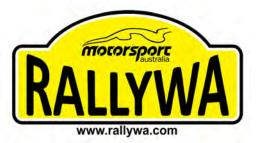

Car 4: John's analysis, piecing together various frames from the video.

Car 5: John's analysis, piecing together various frames from the video.

It does not constitute a check or confirmation that the vehicle is in compliance with the relevant Motorsport Australia NCR or Event Regulations. It does not constitute a check of roadworthiness requirements under the relevant State legislation and neither Motorsport Australia, nor its officials, officers or agents make any undertaking as to whether this vehicle is eligible under law to travel on public roads.

By completing the Self-Scrutiny checklist, the competitor acknowledges that they are presenting the vehicle in compliance with the Motorsport Australia Manual, including the NCR and all relevant regulations specific to the vehicle and event. This includes any necessary check of apparel as to be used in that vehicle by either driver or co-driver navigator. This form must be completed by the Competitor and submitted to the Event Secretary safaridarling@rallywa.com and must be received by the close of entries. The form can be downloaded from www.motorsport.org.au and from www.motorsport.

A reminder to Crews that as per the 2020 Motorsport Australia Western Australian Rally Championships and Series 2020 Season Standing Regulations, Item G3 (iv), any vehicle that has not yet had a thorough pre-season inspection, including underbody, must either attend Metro Scrutiny or contact the Organisers/Scrutineers to arrange to have their vehicle inspected on a hoist prior to the event.

Failure to provide details will result in referral to the Stewards for consideration of a penalty.

2.13 SAFETY - STOPPING ON STAGE (OK / SOS BOARD)

Crews are advised that if they stop during a Special Stage that they **MUST** safely display their Safety Triangles and the OK / SOS Sign to following Crews. This is particularly important where the vehicle is not readily visible to following Crews (e.g. Vehicle is located well off the course on a side road). Failure to display Safety Triangles and/or the OK / SOS Sign will result in referral to the Stewards for consideration of a penalty.

3 AGENCIES INDEMNITIES

Representatives of the Department of Biodiversity, Conservation and Attractions (DBCA), Forest Products Commission (FPC), Local Authorities, Department of Water (DOW) and the Water Corporation (WC) have not inspected the route or adjacent roads and cannot guarantee that the roads are or will be suitable and safe for the purpose of the rally.

8 SERVICING & REFUELLING

Servicing regulations will be as per Motorsport Australia Australian Rally Championship Sporting & Technical Regulations, Section 16, Traffic and Repairs (Servicing).

The service park for the event will be located as per the attached map Millars Road, Jarrahdale (Appendix 2).

Outside of this defined service park any repairs or intervention on the vehicles may only be carried out by the crew, using only such equipment carried on board that competitor's vehicle. No external assistance of any kind is permitted.

Competitors who service outside the defined Service Parks or who receive External Assistance will be excluded from the event.

Registration of ONE service vehicle is included per competing vehicle. All service vehicles must display their red service number. If no number is displayed, they will be asked to leave the service park and park outside the service area. Refer to the Service Park Map for overflow and trailer parking.

Due to space constraints within the service park each Competitor will be limited to a **maximum of FOUR Service Crew with ONE service vehicle and/or ONE Trailer** per competing vehicle. If space becomes an issue, trailers will have to be moved outside the service area. Refer to the Service Park Map for overflow and trailer parking

There is no spectator point for the Safari Darling 2020 Rally. Agreements have been made with DBCA, the Water Corp and the Shire, as per there COVID and safety protocols, that there will be no spectators, and future events in the area will be put at risk if these are not respected.

All the roads in the area are closed under a Police Permit, these include, but are not limited to, Balmoral – Frollett – 37 Mile – Solus – Millars Log Rd – Cobiac. The permit also includes "unnamed roads and tracks". These are in an area bounded by Balmoral Rd - Jarrahdale Rd – and Albany Highway to Solus.

Due to this, any person normally associated with a competitor (i.e. service crew, friend or family), who is seen accessing any roads, tracks, road closure point, or control point, without prior permission from the Clerk of Course, will be deemed to be breaching NRC 4.4, part E.

Registration of Service crew is via the online entry system (see www.rallywa.com), or alternative means provided by the Organisers upon request, and MUST be completed prior to the Drivers Briefing. Service Crew NOT registered will not be eligible for Motorsport Australia Insurance.

All servicing will be conducted in the area shown on attached map. Servicing is to be on a tarpaulin or similar ground sheet and must be placed under the competition vehicle extending beyond the perimeter of the vehicle. All mud and liquids must be placed in sealed containers and removed from the service park. Non-compliance will result in a report to the Stewards of the Meeting for consideration of exclusion or other penalty. (See Appendix 2)

A penalty will be applied for any damage to property in the service area equivalent to cost incurred to repair.

Please Note: Competitors, crews, officials and spectators are reminded of their obligations and responsibilities with regard to Western Australian Occupational Health and Safety Regulations, including but not limited to safety when working under raised vehicles, working with compressed air and electrical equipment including tagging of appliances etc.

A certificate of electrical safety, showing that all electrical equipment has been tested in the previous 6 months must be provided for any electrical equipment being used. – (please see the attached form). The completed form should be given to the organisers at pre-event scrutiny/documentation. Failure to provide the necessary certificate, or equipment found with an incorrect tag will result in the equipment being confiscated by the Service Park Manager or his/her nominee and the equipment will not be returned until after the event has finished. (see Appendix 3)

Further Note: There is no tap/running water available at the Service Park. All competitors must bring with them at least 10 litres of Portable Water. This is a requirement for adherence to our COVID 19 Safety Plan and one of the Shires conditions. The Service Park Manager or our COVID 19 Checker, will check this on entry. You will be refused entry to the Service Park and will not be allowed to start until the water has been provided.

8.1 REFUELLING

- 8.1.5 Fuel containers shall be stored in 'shade' and not in direct sunlight. E.g. under a marquee or other suitable shelter where natural cover is not available.
- 8.1.6 Decanting of fuel between containers may only be done in a refuel zone or bunded storage area.
- 8.1.7 Any action inside a refuel zone not directly involved in the refuelling of the competing vehicle is prohibited.
- 8.1.8 In all refuel zones, a 5km/h speed limit applies.
- 8.1.9 The Organisers strongly recommend refuelling from a closed hand pump system. The responsibility for refuelling is incumbent on the crew alone and must be done in a manner which ensures that no fuel is spilt.
- 8.1.10 Engines must be switched off throughout the refuelling operation.
- 8.1.11 It is recommended that the Crew remain outside the car during refuelling; however, should they remain inside, the safety belts must be unfastened and door open.
- 8.1.12 The Organisers recommend that all Service Personnel wear neck to wrist to ankle fire resistant clothing, balaclava, and fire-resistant gloves, all to an appropriate standard, during refuelling.
- 8.1.13 It is also recommended that an anti-static/grounding strap be connected between any fuel containers and the vehicle being refuelled.
- 8.1.14 Up to two Service Crew members per competing vehicle will be permitted into the refuel zone.
- 8.1.15 Roadside refuelling is not permitted at any time.
- 8.1.16 In the Event of a breakdown, the car concerned may be pushed out of the refuel zone by the crew members, officials, and team members without incurring any penalty. An external battery may be used immediately before the exit of the refuel zone away from any refuelling activities.
- 8.1.17 Any breaches of the refuel Regulations, including refuelling outside of designated Refuel Zones; Supplementary Refuel Zones or pumps at Service Stations, will be reported to the Stewards of the Meeting for consideration of exclusion or other penalty.

Competitors with turbochargers are reminded of the requirements of fuel testing equipment as outlined in Appendix F of the current WARC SSR. Fuel testing may occur, and it is the competitor's responsibility to provide the fittings required in order for a fuel sample to be obtained.

8.2 Service Park Controls

Time controls will be set up at the entry and exit to all services parks. The time allowed for service will be indicated in the road book. Liaisons to and from the Service Park do not form part of the service time provided.

Section times have been made long enough to not require the need for excessive speed.

Normal penalties will apply for late or early arrival at these controls except prior to the commencement of the event.

8.3 SERVICE PARK SPEED LIMIT

The area used for the Service Park is a shared use space and all vehicles entering the area are to adhere to a 10kms per hour (walking pace) speed limit. Any crew deemed to breach this speed limit may be reported to the Stewards of the Meeting for consideration of exclusion or other penalty.

All crews associated with the event are required to follow the instructions and advice of the Service Park Officials, failure to do so may result in referral to the Stewards of the Meeting for consideration of a penalty.

Safari Darling Rally 2020 – 7th November 2020 – Jarrahdale

October 19, 2020 | No Comments

Why the name change, I have been asked? Answer: The LCC Safari Rally has been run, every single year since 1965. 55 years in a row. According to our historian (Steve Vanderbyl) this is an Australian record.

Other events are indeed older but they have not run consecutively Their runs have been interrupted by wars, economics, and weather.

It was hoped to run the Safari in Boddington, but this was not to be. Then COVID 19 impacted and we could not Return to Race until July. The flow on

effect was that we could only schedule 4 events on the rally calendar. The LCC was allocated 1 of those events.

Naturally in order to continue our historic run, the event we chose to run, was the LCC Safari – making 2020 the 56th running of the LCC Safari. The area available to us was Jarrahdale. The traditional area and time of year for the running of the LCC's Darling 200. Hence the name the Safari Darling Rally 2020.

The Entry Form Service Crew Registration Officials Registration and other forms are available now on the RallyWa website. We are hoping to put up Supplementary Regulations tomorrow.
